Promise Action on Grand Detour Bridge

Four Injured in 5-Car Crash; Call Span 'Death Trap'

Highway Boss Will Press for Quick Action

Completed in 1947, Motorists Complain It's 'Death Trap'

R. M. Ferguson, district engineer, today promised speedy action on plans to resurface the Grand Detour bridge which has been branded as a "death trap" by motorists.

Ferguson, in answer to a query by the Evening Telegraph today, said that he had already contacted Springfield headquarters and that efforts to remedy the condition would be given his immediate attention.

The bridge, completed in 1947, has already been the cause of three deaths and innumerable injuries when motorists have failed to negotiate its slippery surface during rainy or icing weather.

Ferguson expressed doubt that any permanent re-surfacing project could be undertaken this winter but termed as "the last straw" the latest in bridge accidents, the five-car pile-up Thanksgiving day morning which injured four motorists.

Yesterday's accident brought to the telegraph many phone calls from area residents expressing indignation over state negligence in allowing this hazardous highway condition to remain.

Moved to Dixon One Dixon resident said that he moved from Grand Detour to Dixon rather than drive over the bridge during winter weather. Fog or rain settling on the steel-matted surface also produces a slippery condition.

It is recalled that in the fatal accident occurred during the spring of 1948 and at that time Engineer Ferguson promised to take "immediate action to remedy the situation."

Commenting today, Ferguson said that he had telephoned the Springfield office of the department of public works and said he would advise local residents of the expected action.

Freeport Bridge In admitting the bridge hazard, Ferguson said, however, that there is a similar bridge at Freeport spanning the Pecatonica river where no such accident hazard exists. There are numerous such spans in the East, also, Ferguson stated.

The district engineer said that he favored the removal of the present steel surface and its replacement covering the present flooring with concrete is "out," he said, because of the additional weight.

Gives Alternative He gave as an alternative, the resurfacing with a shallow cover.

Jets Renew Air War as B-29s Smash at Red Bases Near Yalu

SEOUL, Korea—(AP)—Jets clashed over Korea today for the first time in five days. The fight came just 12 hours after Superforts bombed a new Red jet base two miles from Red China's Manchurian frontier.

Two MIG-15s were damaged in a battle in bright sunlight between about 30 Red jets and 30 American F-84 Thunderjets, the U. S. Fifth Air Force reported. It said all Thunderjets returned safely.

During the night 12 B-29 Superforts ignored an angry cordon of Red jets and roared through intense flak in the first bombing raid on the Communists' Uiju jet base.

Called Effective The strike was effective, Far East Air Forces said. It reported all B-29s returned from the raid two miles south of the Yalu river boundary.

This strike was so close to the "sanctuary of Manchuria" pointed out the mounting allied effort to block off the growing Communist air threat and keep the Reds from setting up bases in North Korea closer to the battle line.

Wheat, Zick Ask Pires' Suit Quashed

New Complaint In Judge Vote Case Not Based on Law

Circuit Judges Leon A. Zick and Harry E. Wheat have filed motions to strike the amended complaint filed Nov. 13 in the judicial recount suit brought against them and Judge Robert L. Bracken by Morey C. Pires, defeated candidate for the judgeship.

In his amended complaint Pires asked that paragraphs 12 and 13 of the original complaint be replaced by two more complete explanations of his charges that the ballots of the judicial election were counted improperly.

Not Yet Filed The third defendant, Judge Bracken, as yet has not filed his motion to strike the amended complaint with Circuit Clerk John O. Shaulis.

In the motions filed by Judges Zick and Wheat they claim that Pires' two paragraphs are not well founded in law and matters complained of as to voting and counting of ballots properly represent the law of the state of Illinois.

No Oral Arguments Pires' original complaint was dismissed Nov. 5 by Judge William Carroll, Woodstock, after he heard oral arguments. According to the judge there will be no oral arguments on the petition to amend but that both sides will submit written arguments. A decision should be reached soon, according to the judge. The dismissal will stand regardless of what the judge does with the amendment.

Mt. Morris Man Reports Wild Dog Attack on Sheep

OREGON—A Mt. Morris farmer, Maurice Newcomer, reported to Ogle County Sheriff James White today that a pack of wild dogs had been attacking his sheep.

Newcomer said that two sheep had been killed, eight were injured so badly they probably would have to be destroyed, and two more were missing.

AN OMEN: RANTOUL, (AP)—Communications men at Chanute field wondered today if they've had a sign of a long cold winter. Somebody in New York addressed a telegram: "Commanding General, Alaskan Air Command, Chanute Air Force Base, Ill."

Five Autos Collide on Icy Bridge; Four Hurt

ICY STEEL MESH on the Grand Detour bridge was blamed for a five-car accident Thursday which put four persons in KSB hospital. Three persons in the car shown above were hospitalized. This auto, driven by Lowell Zander, Broadview, Ill., crashed head-on with a convertible driven by Mrs. Betty Bovey, Grand Detour. Mrs. Zander, Miss Merle Brown, Broadview, Zander and Mrs. Bovey were hospitalized. Another auto crashed into the car shown above while two others sideswiped earlier. Traffic was tied up more than an hour and skidding conditions on the bridge made driving dangerous all day.

BULLETIN! Air Force Chief Hints Change In Bombing Policy If Present Truce Negotiations Break Down

WASHINGTON—(AP)—A U. S. navy plane with a crew of 10 is missing. There appear to be strong reasons for presuming it was shot down by the Russians.

WASHINGTON—(AP)—The government's cost of living index rose another .04 per cent in the month ended Oct. 15, netting a million auto workers another penny an hour increase under their contract.

UNDECIDED WASHINGTON—(AP)—Senator Edwin C. Johnson, (D-Colo.), only congressman who is a baseball league president—refused today to say whether he will seek a sixth term as president of the Western league.

Make Yuletide a Happy Time By Aiding Goodfellow Fund

Goodfellow time, when all the Goodfellows of this city and surrounding territory rally 'round to try to give a happy Christmas to the scores of little boys and girls who would be forgotten by Santa Claus without Goodfellow help, is here again.

Send in your donations to the Goodfellow fund, either to the Evening Telegraph or to any member of the Wa Tan Ye club. The Wa Tan Ye club, an organization of public spirited business and professional women, have been doing splendid welfare work in Dixon for many years. Over a year ago they took over the Evening Telegraph Goodfellow club and consented to sponsor the movement. They are working on a year around basis with their welfare work in Dixon, but at Christmas time a special campaign will be organized as always in the past.

Cash donations sent in to the Goodfellows will be used to purchase necessary clothing for little folks and will supply food baskets and boxes of presents, candy, fruit and all the things that are necessary to little boys and girls if they are to have a happy Christmas time.

Donations may also be left at either of the local banks for the Goodfellow fund. One donation of \$5 has already been received. Toys, such as sleds, wagons, tricycles, dolls, doll carriages and doll beds, toy trains, toy trucks, and all the hundreds of such things that you may have put away in a closet or in the attic and which junior has outgrown, should be taken to the fire department at the city hall and the force there will do a wonderful job of repairing and repainting for the boys and girls on the Goodfellow list.

The Wa Tan Ye club will also be grateful for any donations of children's clothing, or for bedding, floor coverings, mattresses, etc. Boots and shoes of all sizes are needed. Clothing, shoes, etc., should be in good, usable condition. Donors of articles for the Wa Tan Ye work should contact either Mrs. William Hubbell, dial 2-8601, or Mrs. Lyle McElvin, dial 3-5257.

Sudden Freeze Converts Span Into a Hazard

Traffic Stalled for More Than Hour Following Mishaps

GRAND DETOUR—Rain freezing as it fell turned the always treacherous Grand Detour bridge into a trap yesterday, causing a traffic holocaust which sent four persons to the KSB hospital.

Mrs. Betty Bovey, Grand Detour, was the most seriously injured. She sustained a fractured arm and leg and lacerations. Lowell E. Zander, 30, received a fractured left leg and face lacerations. His wife, Mrs. Eunice Zander, has face and scalp lacerations. Miss Merle Brown, 18, has head lacerations. The Zanders and Miss Brown live at 2024 S. 14th av., Broadview, Ill. Miss Brown is Mrs. Zander's sister.

Chain Reaction The chain reaction accident began about 8:45 a. m. on the ice covered bridge when autos driven by Peter Snyder, 68, of 1003 Long av., Dixon, and Carl Marine, 24, of 849 Ramona Terrace, Rockford, collided. According to State Officer Robert Fischer, Dixon, the Snyder car skidded across the bridge and struck the left side of the Marine auto. The Marine car was damaged so that it could not be moved from the bridge although Snyder drove off. Marine was headed toward Dixon while Snyder was traveling toward Grand Detour before the sideways crash.

Two More Collide While the Marine car was sitting on the bridge, the Bovey and Zander autos approached from opposite directions. Apparently Mrs. Bovey swung her northbound car out to pass the Marine auto and skidded head-on into the southbound Zander auto. The collision left the autos in the middle of the bridge. Paul Swedberg, 210 Turner Place, Sycamore, was driving behind the Zander auto and was unable to stop his sedan.

Swedberg crashed into the rear of the already wrecked Zander car. The three autos completely blocked the bridge. Sheriff Charles Redebaugh and Officer Fischer rushed to the scene.

All 'Satisfactory' An ambulance was called which took Mrs. Bovey, Zander and Miss Brown to the hospital. Mrs. Zander was taken in Sheriff Redebaugh's squad car. All victims were reported in "satisfactory" condition today but additional x-rays will be taken.

The force of the crash threw

Sleeping Couple Knocked Into Yard by Crash

ROXANA, Del. (AP)—A car hurtled around a curve last night and crashed into a 100-year-old house, knocking a man and his wife from their bed into a garden. Police said the car smashed through the side of the house and against the bed where Joshua Hudson, 65, and his wife, Eva, 51, were sleeping.

The driver, Seaman Ronald Weigand, 18, of Selbyville, Del., told police his car went out of control. The sailor, who was home on leave from Great Lakes naval training station, was treated for chest and head injuries. Hudson suffered rib fractures. His wife's collar bone was fractured.

Blessed Be He Who Returns the Chaplain's Coat

MITCHELL AIR FORCE BASE, N. Y.—(AP)—The Daily Bulletin here carries this note: "Will the person who came to chapel on Friday evening, Nov. 16, to meditate and pray and who got so deep in meditation that he took off with the Chaplain's trench coat, please return the same? The reward will be great—in heaven."

Claims Mutual Security Pact Aimed at Stalin

West Awaits Soviet Reply on Arms Plan; Vishinsky to Speak

PARIS—(AP)—The Soviet Union filed a formal complaint with the United Nations today, charging that the United States is financing armed groups on her territory aimed at the overthrow of Prime Minister Stalin's government.

The Soviet Union last night asked the General Assembly to look into charges that the U. S. Mutual Security act was intended to foster subversive acts in Communist countries. In an explanatory note today, Soviet Foreign Minister Andrei Vishinsky said U. S. financing through the Mutual Security Act "of subversive organizations and subversive groups constitutes an act of aggression towards the Soviet Union and the states of the people's democracies."

Called "Propaganda" The note to the U. N. followed a similar Russian communications to the U. S. government on Tuesday. The U. S. state department dismissed the protest as "groundless propaganda" and said it came with "singular ill-grace" from a regime which has consistently supported "subversive activity against the U. S. and other nations of the free world."

The latest Russian blast against the West came as the assembly, marked time on its peace programs, with some hope—dim, but existing—that Vishinsky in a scheduled appearance before the U. N. political committee tomorrow would answer the West's disarmament proposals with a speech spelling "peace."

Quoted U. S. Law Vishinsky has been holding up his answer on the Western proposal. Now he is expected to allude to the latest charge against the West as "exposing" another U. S. warlike act.

The latest Russian note quoted the American law, which authorized the current U. S. foreign aid program, as providing \$100 million to support "any selected persons who are residing in or escape from the Soviet Union, Poland, Czechoslovakia, Hungary, Romania, Bulgaria and Albania either to form such persons into elements of military forces supporting the North Atlantic Treaty organizations or for other purposes."

Vishinsky charged that such action "constitutes unprecedented interference by the United States in the internal affairs of said states."

PMA Chairman Rebukes IAA Parity Stand

DECATUR—(AP)—An agriculture department official has taken issue with the president of the Illinois Agricultural Association, who declared that practically all farm support prices should be suspended at parity levels.

Charles B. Shuman, president of the IAA, in a speech at the association's convention last week said farmers did not contemplate that control and subsidy programs would continue regardless of the level of farm prices.

Answers Schuman

Harry M. Combrink, state chairman of the Production and Marketing Administration, issued a statement Wednesday answering Schuman. The PMA is the agriculture department agency which administers farm price supports and crop production adjustment.

"The proposal of some of the membership of the IAA and its president that practically all farm program operations be suspended may be a luxury the nation cannot afford at this time," Combrink said.

He said the reason farm income is good is because the government has price support programs in operation.

Can Delay Marketing

"Loans and purchase agreements give farmers the financial assistance to withhold crops from the market at harvest time and so permit orderly marketing to maintain prices at reasonable levels, with floors under prices," Combrink said.

The Illinois Agricultural association has carried on a campaign for cuts in government expenditures, including those of the Department of Agriculture.

In his speech to the convention Schuman said:

"Agricultural prices now average 100 per cent of parity. If we believe in government economy, if we are alarmed at the dangers of Socialism, then we should move to suspend practically all farm program operations for the period when farm prices approach or exceed parity."

Okay Home Guard

LONDON—(AP)—Prime Minister Churchill's plan to forge a 125,000-man peacetime home guard received house of commons approval last night. Commons okayed the measure unanimously, on a voice vote.

War Minister Anthony H. Head said the prime purpose of reviving the World War II guard would be to protect key factories and airports and to aid the civil defense force in case of enemy air attack.

More than 726,000,000 pennies were minted in the United States in 1950. This was more than three times the total of nickels, dimes, quarters and half-dollars.

Circus Actress Falls, Caught By Rigging Boss

NEW ORLEANS—(AP)—A small circus performer fell 30 feet here last night, but was caught in the arms of another circus worker.

Maria Peters Simru, 22, said she blacked out during an aerial ballet at the Shrine circus. She was caught by 36-year-old Ralph Vinarski, Cleveland, O., assistant rigging superintendent for the Tom Pack circus. Both were carried from the ring unconscious.

Vinarski, who said the 98-pounder "landed like a ton," suffered a sprained back.

The girl escaped injury.

"You saved my life, for Heaven's sake," she later told the rigger.

Mother, Infant Son Die After Caesarian Birth

CENTRALIA, ILL.—(AP)—The young wife of an army private and her six-day old son, whose birth she did not know about, died three hours apart yesterday.

Mrs. Alice Rose Fry, 20, who gave birth prematurely by Caesarian section to Thomas Harley Fry last Saturday, died of a brain tumor. Three hours earlier, the infant, who weighed 4 pounds, 9 ounces, died in the incubator where he had been since birth.

Mrs. Fry, who was married a year ago to Harley Fry, was in a coma at the time of the birth and never regained consciousness. Relatives had agreed to the Caesarian section in an attempt to save the baby after doctors abandoned hope for the mother's life. Fry has been home on emergency leave.

Discuss Arms

TOKYO—(AP)—The newspaper Asahi said today Premier Shigeru Yoshida met yesterday with leading Japanese military experts and discussed rearmament in general terms. The premier's office denied the report, but the management of the newspaper stood firmly behind the story.

Informed sources said Yoshida plans to take up the question of rearmament for defense at once by increasing the present 75,000-man national police force and the maritime board safety units which patrol the coast.

So There!

ITHACA, N. Y.—(AP)—Mrs. Joe Humble was miffed when her policeman-husband went hunting at 6 a.m., yesterday, without her. An hour later, she took her gun afield.

Another half hour and she dropped an eight-point 175-pound deer. Came nightfall—and Joe, empty handed.

The first coin authorized by the United States Congress was a 1787 penny.

Dixon AAUW To Hear B. J. Frazer Monday

The American Association of University Women will hold its next meeting Monday evening, Nov. 26, at 7:30 o'clock at the Loveland Community House.

"The Problems of Youth Today" will be the subject of a talk to be given by B. J. Frazer, principal of the Dixon high school. From long experience of observing and working with young people in his position as principal, Mr. Frazer has seen, and heard many of the problems of youth and has also had to deal with and to help solve many of them. The question is also one of vital importance and one of much interest to women in AAUW.

By Youth Guidance The program is sponsored by the youth guidance committee of the organization, Miss Harriet Hatch, chairman, assisted by Miss Grace Keithahn. Mrs. John Earle is chairman of the hostess committee for the social hour. She will be assisted by the Misses Olga Eneroth and Mary Willford and the Mesdames A. Pana, Marie Peterson, Frank Scholl, Margaret Swim and John Paul.

Golden Age Pension Clubs The Golden Age Pension clubs of Dixon and Amboy will meet at 1 p.m. Sunday at the IOOF hall, Dixon. Mrs. Vey Buland, Chicago, will be the guest speaker.

The public is invited to attend.

Sticky muffins—like sticky buns—are delicious. To make the muffins put a half tablespoon of soft butter or margarine, a half tablespoon of brown sugar, and two or three pecan halves in each muffin cup. Fill the muffin cups two-thirds full of batter and bake as usual.

Here's a delicious snack to serve with coffee or tea: Mix a tablespoon of grated orange rind with two tablespoons of honey and two tablespoons of butter or margarine. Split small hot baking powder biscuits and spread with the honey mixture; sandwich the biscuits together again and serve at once.

Dixon Women Attend Alpha Alpha Meeting

Seventeen members of Alpha Alpha chapter of Delta Kappa Gamma met at the Brick House, Morrison, Friday evening. After dinner and the business meeting at which Mrs. Viola Martin presided, the meeting adjourned to the North Side School where the program theme for the evening was, "Music and Art of Other Countries."

Miss Nancy Nelson, music teacher in the Morrison schools, played violin solos; Mrs. Randall Tenley, piano solos and Mrs. David Matthew gave vocal solos. Before each number Mrs. Annette Rich, music supervisor of Whiteside county, gave a brief sketch of the life of each composer. Mrs. Ivy Spielman, art supervisor of Whiteside county, showed pictures of and discussed famous Madonnas painted by Italian artists during the 14th and 15th centuries.

Those attending from Dixon were: Marjorie Chandler, Cornelia Conibear, Lois Sheffield, Beth Stuck, Ada West and Florence Ventier.

Murderer Flees Penal Farm 32 Years Ago, Seized in Detroit

JOLIET — (AP) — An 81-year-old man who fled from an Illinois prison farm 32 years ago apparently was headed back to the penitentiary today.

He is Thomas Hawley who was convicted of murder during a fight in Chicago in 1913 at the age of 43. He was sentenced to a 25-year term.

Served Five Years

After serving five years of his term in Joliet prison, Hawley was transferred to the state penal farm at Vandalia. He walked away from the farm Sept. 7, 1919.

Recently, as John McKenna, Hawley was arrested by Detroit police on a charge of drunkenness. He was taken to the police receiving hospital for treatment. A routine check of his fingerprints showed that he was Hawley.

After his escape, Hawley married in Detroit. He was convicted three times during the prohibition era of operating speakeasies, but his real identity was not discovered. Hawley's wife died 15 years ago.

Insists on Return

Warden Joseph E. Ragen of the Illinois state penitentiary at Joliet said today he will insist upon Hawley's return to the institution.

Ragen said he believes Hawley will waive extradition.

In Detroit, Hawley told police he doesn't think he's wanted in Illinois.

"Before I escaped," he said, "the warden always told us that if we ever left, he wouldn't let us back in."

Oregon Farmer Is Sued for \$500 on Property Option

OREGON — An Oregon man started suit today against Clarence E. Nelson for the \$500 he claims Nelson owes him on the option on his farm.

The man, Fred Sandell, charged that on Sept. 27, 1950, he entered into a contract with Nelson to purchase the farm, but that on Oct. 31, 1951, Nelson decided his property to Harry E. Nelson and Edith Nelson for \$2,000 and did not return Sandell's \$500.

The suit was entered in Oregon circuit court before Judge Homer D. Althouse.

Pfc. Franklin, Dixon, Awarded Purple Heart

Pfc. Carl D. Franklin, son of Mrs. John M. Franklin, Rt. 3, Dixon, has been awarded the Purple Heart "for wounds received in action against the enemy near Chukae-ri, North Korea, Oct. 19, 1951," according to a U.S. army report.

Pfc. Franklin was presented the medal in the 343rd General hospital, Japan, Oct. 31, by the hospital commanding officer, Col. W. S. Pugh.

Word was received of Franklin's wound Nov. 10. He took armored division training at Ft. Leonard Wood and later trained as a combat infantryman.

On Holiday Trip

The Zanders and Miss Brown were on their way to Sterling for Thanksgiving dinner while the Swedbergs were on the way to dinner in Morrison. Mrs. Bovey was returning to her home in Grand Detour from Dixon. Mrs. Snyder was riding with her husband and Mrs. Marine and one child were in the other car.

Officer Fischer radioed to state highway headquarters in Dixon and a truck arrived to spread cinders at the approaches of the treacherous bridge. Slow signs were put up and flares set out but the bridge remained icy.

Traffic was delayed for more than an hour as the wrecked cars were removed from the bridge. However, later reports indicated that several other cars went out of control on the icy surface Thursday afternoon and night.

The bridge has a metal mesh floor. Freezing rain coated each metal bar with ice.

Commuters to Get Coffee, Doughnuts With Rail Service

CHICAGO — (AP) — The Rock Island railroad added coffee and doughnuts to its suburban service between Chicago and Joliet, 40 miles away.

A spokesman said this was the first time in suburban railroad for such a service.

Merle J. Reynolds, manager of the company's dining car service, was credited with the idea. He said the service was starting on the streamlined non-stop commuter train called the Bankers' Special. Some 800 passengers ride the train each way each day.

A coffee dispensing machine produces a cup of coffee in two seconds after a dime is dropped. A turn of a button regulates cream or sugar or both or black. The machine also will make change for quarters.

The dispenser accepts either nickels or dimes, at 10 cents a doughnut packaged in an individual glassine envelope. The American Baker company of Joliet has contracted to make and package the doughnuts each night for departure of the train at 7:37 a. m. daily.

For the first week passengers will have free coffee, Reynolds said. He added that such service was not adaptable to other suburban trains because of their short-run operations.

U. S. Plans Dollar Aid To French

PARIS — (AP) — The U.S. will rush emergency dollar aid to France to forestall a lowering economic crisis, but the exact amount of it won't be known for at least two weeks.

This became known here today as reports circulated that help was on the way. The figure of \$200,000,000 was mentioned frequently but American officials on the scene said it was only a guess.

The money likely will come in an emergency transfer from a \$5,788,000,000 congressional appropriation to send military help to European partners in the Western defense program. The congressional act provides that 10 per cent of this fund can be transferred from military to financial aid if necessary.

Some international economists here estimate that France will need at least \$650,000,000 during the next year. Of this, the French say, some \$200,000,000 is necessary at once to prevent a breakdown in the French economy that would be promptly reflected in this country's ability to hold up her end of the rearmament burden.

Scout-O-Rama To Be Given In Sterling

Dixon Boy Scout and Cub Scout units will participate in the Sauk district "Scout-O-Rama" and Cub Scout Circus at the coliseum in Sterling Saturday, Nov. 24.

The "Scout-O-Rama" is the annual display event of scouting for Lee and Whiteside county, being alternated each year between Sterling and Dixon.

This year Scout troops and Explorer units will present booths showing the various steps in scouting advancement and the various skills learned. Cub Scout packs will present a typical Cub Circus complete with clowns, band and animal acts and parade.

Present Booths

Troop 75 of Dixon, sponsored by Loveland PTA, will present a booth on camping. Roy Moyer is scoutmaster. Troop 85, sponsored by the North Central PTA, will have a booth on first aid. Jack Keegan is scoutmaster. Troop 86, with Joe Unger as scoutmaster, will have a booth on wood carving. The troop is sponsored by North Central PTA. Troop 93, sponsored by the Methodist church, will have a booth on the weather merit badge. Ray Hood is the scoutmaster.

Among the Cub packs, pack 310, sponsored by the Lincoln PTA, will present a wild west show. Dean Hey is cubmaster. Pack 311, sponsored by South Central PTA, will present a trained wild animal act. Harm Krull is cubmaster. Pack 324, sponsored by the Loveland PTA, will present a troupe of monkeys. Ken Barnhart is the cubmaster.

Tickets for Sale

Tickets to the "Scout-O-Rama" may be obtained from any Boy Scout, Cub Scout or Explorer in Dixon, or at the door. Tickets are 50c, 40 per cent of which will go to the units participating. Doors of the coliseum will open at 1 p. m. and at 7 p. m. with the performances scheduled for 2:45 p. m. and again at 8:15 p. m.

East, South Get Relief From Cold

(By The Associated Press)
The east and south got their promised relief from cold weather but it was wintry weather for mid-west and western states today.
Cold air extended over the upper Great Lakes region, the upper Mississippi valley and most of the north and central plains states. It was on the chilly side westward to the Pacific coast.
Temperatures dropped to below zero in parts of Minnesota and North Dakota early today. Lower readings were forecast tonight for most of the mid-continent. A fresh batch of cold air moved into North Dakota and Montana this morning from Canada and was expected to spread over the north central region.
It was mild over most of the gulf states, the Ohio valley and the middle and south Atlantic states. For the first time in several days no sub-freezing readings were reported in the south.
Rain fell from parts of Missouri and Arkansas northeastward over the Ohio valley to the lower Great Lakes region and New York state. Thunderstorms were reported in the middle Mississippi and lower Ohio valleys. Some light snow fell over most of Montana and the Dakotas, parts of Minnesota and in the central Rockies.

UN Maps 10-Year Program to Hike Output of Food

ROME—(AP)—Three working commissions of the FAO began mapping a 10-year program today for the greatest increase in food production the world has ever undertaken.
Outline of the plan was laid down by Norris E. Dodd, director general of the Food and Agriculture Organization. He told delegates from 70 nations world food output must be increased from three to four per cent for the next 10 years.
That would equal the recent rate of industrial expansion in the world. But while industry has been expanding three to four per cent a year, agricultural increase has been barely one per cent, and has lagged behind the world's rate of population increase.

Grange Wants More Steel For Schools

ATLANTIC CITY, N. J.—(AP)—The National Grange says this country needs improved educational conditions and calls on the Defense Production Administration to boost its allocation of steel for construction of schools.
A resolution to that effect was passed yesterday by delegates attending the farm group's 85th annual session.
Schools have become more crowded this year and DPA's steel allocation for 1951 was insufficient to meet essential school construction, he resolution said.
Grange delegates represent some 800,000 farmers in 37 states.
Hickory is the shortened form of an American Indian name, pohickery, for a tree native to Eastern North America.
"Roof-bolting" is a means of stabilizing the roofs of coal mines by inserting long steel expansion bolts.

Packard Price to Rise Saturday; Bakery Goods to Increase Soon

WASHINGTON, (AP)—The prices of Packard motor cars are due to rise tomorrow. And in some areas there may be an increase soon in the prices of bread and baker sweets.
A government order issued yesterday authorized Packard motor car dealers to raise prices of passenger cars by amounts ranging from \$116.12 to \$185.05.
The special order issue for Packard is the first of a series to be put out covering every make of passenger automobiles. Others will be issued in the near future, the Office of Price Stabilization (OPS) said.
OPS said the new auto prices reflect increases in the factory wholesale prices approved for Packard Oct. 23.
Officials of the agency said last night a new regulation affecting 29,000 bakeries will be issued Monday and may send some bread prices up one cent on a one-pound loaf in certain areas.
The bakery order would mean that bakers who did not raise their prices before the general freeze order of Jan. 26 or who were caught with their prices lower than prevailing levels would now be able to raise them.
An OPS official said the order will apply to "bread and bakery sweet goods" such as cakes, pies and doughnuts. It will not mean a general price rise in bread, OPS said.
The National Geographic Society says the sandwich has been traced as far back as the Romans.

Killer Cooks' Life in Hands Of Sanity Jury

EL CENTRO, Calif.—(AP)—The life of 23-year-old desperado William E. Cook is in the balance of a jury's verdict, just as he once controlled the life and death of nine persons he kidnaped last winter.
If the jury decides that he was sane when he killed Robert H. Dewey on the desert near here last Jan. 6, the trial judge, Lurray Mouser, may sentence him to die in the gas chamber at San Quentin prison.
Cook will not go free, regardless of what the jury does. If he is adjudged insane or if the jury fails to agree, the federal government will continue to exercise its physical custody of the defendant and return him to Alcatraz prison, where he was sentenced for 300 years for kidnaping the five members of the Carl Mosser family at Atwood, Ill.
Testimony in Cook's sanity trial was concluded Wednesday. The court recessed for Thanksgiving and resumes today for final arguments.
Cook's counsel last week withdrew his plea of innocent to the slaying of Dewey and he went to trial solely on the insanity plea.
Cook, after kidnaping the Mosser family, killed them and threw their bodies down an abandoned mine shaft near his former home at Joplin, Mo.
Firemen Called To Weed Fires
Dixon firemen were called to extinguish two weed fires Wednesday.
They went to the 900 block of Jefferson avenue at 10:30 a. m. The second fire began near Ravine avenue about 2:15 p. m., and burned onto the Robert Shaw property. According to Fire Chief Jake Johnson this fire began inside the city limits but had burned out into the county before it was extinguished.
No damage was reported from either blaze.

The "HUSKING BEE"

Friends and neighbors pitched in to prove that "many hands make work light" and husked the newly harvested corn. Tho the primary purpose for getting together was to work, the Husking Bee also was a time for gaiety and fun and was one of the social events of the period.

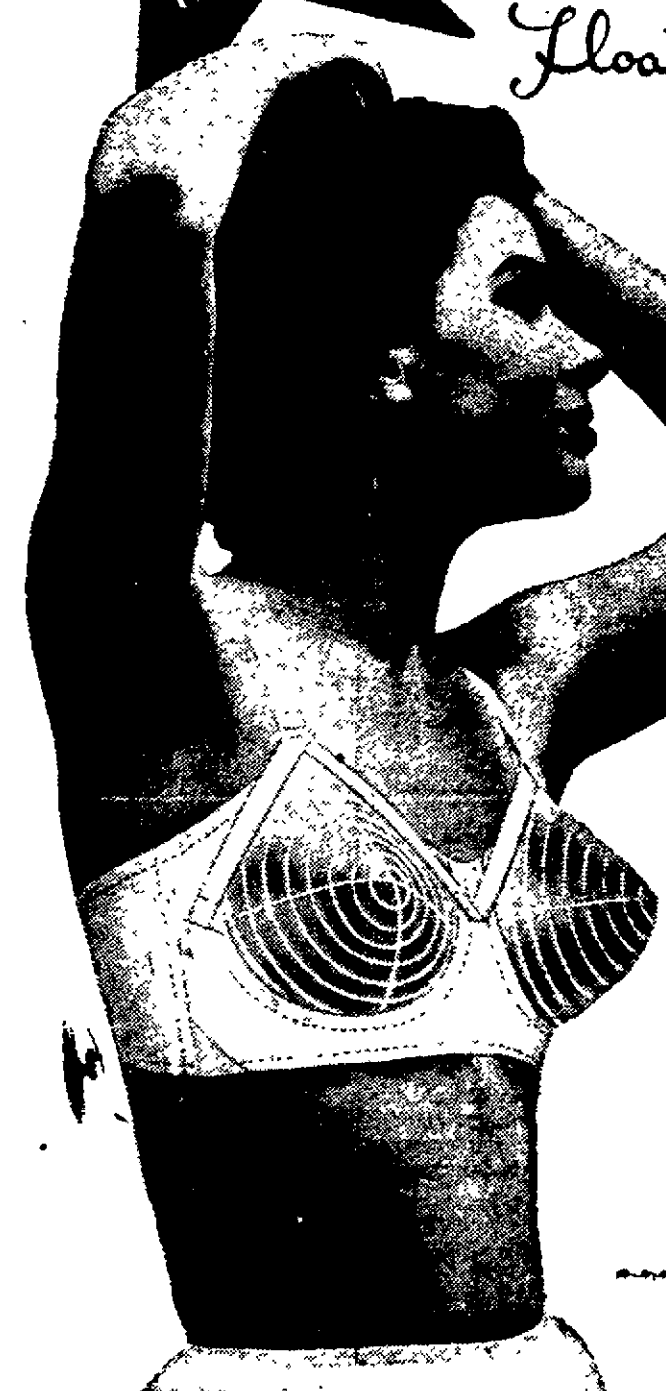

Most people save money to have it when needed and to let it earn more income for them. When that money is saved here it not only does those things, but it also helps somebody else at the same time. Your savings and those of others are loaned to people with steady incomes and good credit reputations to buy or build homes. There is no better security for your money than America's homes.

OPS Cabbage Story Good, But Not True

By ARTHUR EDSON

WASHINGTON — (AP) — The Office of Price Stabilization (OPS) is a little tired of hearing about cabbage.

The cabbage routine evidently started last August in Memphis. Price Boss Mike DiSalle was the main speaker, at a banquet, and was introduced in a long speech.

During this long introduction the toastmaster got a laugh by saying:

"Lincoln's Gettysburg address contains 266 words.

"The Ten Commandments contain 297 words.

"The Declaration of Independence contains 300 words.

"The OPS order to reduce the price of cabbage contains 26,911 words."

DiSalle got a laugh, too, by opening his speech with:

"It took the toastmaster about 6,000 words to introduce me."

If DiSalle figured his wisecrack would hit the cabbage story, he was wrong.

Max Hall, OPS information director, told me today the story continues to bob up.

The Word Spreads

It has appeared as a letter to the editor of a New York paper. It was quoted in an editorial in Wisconsin.

It appeared in some material put out by a grocery manufacturers' association.

A congressman has written in to ask for a copy of the OPS regulations on cabbage.

All of which is pretty remarkable because fresh fruits and vegetables are not under regulations. So OPS never has put out any kind of cabbage order, much less a 26,911 worder.

"Of course," Hall acknowledges, "we have some long and complicated orders on other things."

But why pick on innocent cabbage?

Roberts, Accused Red, Ends MGM Film Contract

HOLLYWOOD — (AP) — Screen Writer Marguerite S. Roberts, who declined to tell a recent congressional hearing whether she was a Communist, and Metro-Goldwyn-Mayer studio have dissolved their contract.

The studio said the pact was ended "on a mutually satisfactory basis." She scripted MGM's production of "Ivanhoe," filmed in England.

More Ore for U. S.

NEW YORK — (AP) — An agreement between the United States Steel Corp., and the Venezuelan government provides for a river-dredging operation which eventually will mean more iron ore for U. S. defense effort.

The pact, announced yesterday, allows the company to dredge ship channels in the Macareo and Orinoco rivers to enable ocean-going vessels to bring out the ore from

U. S. Steel's Venezuelan concession.

Sift Rubbish For \$18,000 In Jewelry

YONKERS, N. Y. — (AP) — Police will start sifting incinerator ashes today for 18,000 worth of jewelry which a somewhat forgetful woman put in an old shoe and tossed in a trash can.

Mrs. Edward Madden, wife of a New York printing ink company executive, yesterday reported the loss of the gems—a \$9,000 diamond bracelet, a \$5,000 diamond and platinum ring and two \$2,000 unmounted diamonds.

Mrs. Madden told police she took the jewelry from a safe deposit box to have it appraised. Then she put the gems in an old shoe in a closet.

During housecleaning several days later, the shoe was tossed into rubbish that was hauled to the city incinerator.

Suicide Bullet Goes Through Son, Hits Dad

GLENDALE, Calif. — (AP) — A despondent musician shot himself in the back last night and the bullet, after passing through his body, struck down his father, too, police reported.

Both father and son were hospitalized in critical condition.

Officers said it happened this way.

Richard W. Ehrecke, Jr., 44, a cello player, snatched a .38 caliber pistol from the holster of his brother, Joseph, a night watch-

man, as the latter prepared to leave for work.

Richard held the gun behind his back and, facing his father, pulled the trigger. The bullet struck the father in the stomach.

Officers said Richard, Jr., had been in ill health and described the shooting as a suicide attempt. They said he apparently had no intention of shooting his father, too. Joseph, as owner of the gun, was booked on a technical charge of suspicion of assault with intent to commit murder.

The Azores were called the Isles of the Hawks by early English sailors, from the Portuguese word *corvo* meaning hawks.

Dams are located after extensive "coring" tests of the river bottoms.

Search Expands for U. S. Plane Lost Over Communist Territory

ROME — (AP) — Clearing skies sent ground and air searchers out in force today to pin down reports on a U. S. air force plane missing since Monday with four men aboard.

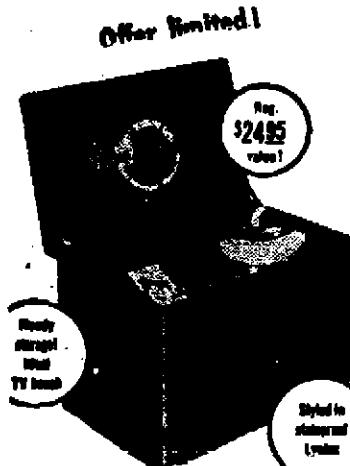

One unconfirmed report said wreckage had been sighted among the jagged peaks of northeast Italy's Dolomite mountains, 40 miles east of Bolzano.

Another report, from a traveler arriving in Vienna, said the plane was shot down by Romanian army border guards as it touched the Iron Curtain on its flight from Germany to Belgrade.

Neither report could be confirmed officially.

UN Speaker Raps France On Morocco

PARIS — (AP) — France walked out of the United Nations trusteeship committee today in protest against an Egyptian speech blasting French control of Morocco.

Egyptian Delegate Fouad El Pharaony attacked France in the committee meeting today for refusing to give Morocco its independence.

At this French Delegate Leon Pignon and his staff of advisers left the room after insisting the committee had no right to discuss political matters.

The Moroccan question was not on the agenda of the committee.

The Egyptian remarks were made during a speech on information reports from governments responsible for trust territories and other non-self-governing areas.

In the speech which provoked the incident, the Egyptian delegate stated that in view of his government Morocco was a sovereign state.

El Pharaony accused the French government of flagrant discrimination against the native population of Morocco.

"Why is it," the Egyptian delegate asked, "that after 39 years of French rule the Arab population of Morocco is still being deprived of the right of assembly? Why are the Moroccans forbidden by law to form trade unions? Why is the Moroccan press so heavily censored? Why is it almost impossible to get permission to publish new newspapers in the Arab language?"

Fog Clears
Clouds and fog which previously had hampered the search cleared today. Twenty U. S. planes based on Treviso air field, in northeast Italy, swept the skies above that section and Yugoslavia.

Italian police and U. S. ground searchers were working in the Dolomites, trying to check the report of the sighted wreckage.

The U. S. embassy in Belgrade said Tuesday that the pilot of the C-47 transport plane reported being fired on by Hungarian and Romanian border guards.

Apparently Lost
But the embassy report said he apparently realized he was lost and turned back. In two later reports he said he was near the Croatian capital of Zagreb, headed towards Udine, Italy, which lies at the foot of the Alpine Dolomites.

A U. S. legation spokesman in Vienna termed "very doubtful" the report that the plane had been shot down over Romania.

**West Germans
Need Army to
Get Freedom**

PARIS — (AP) — Chancellor Konrad Adenauer gets home today to tell West Germany the way is open for her to become a junior partner with her Western conquerors—but only if she furnishes troops for a European army.

Adenauer and the Big Three foreign ministers agreed here yesterday on the main principles of a contract to end the occupation of West Germany and give Adenauer's government, more freedom. But the agreement falls short of the full independence the Germans want.

Details were kept secret, because five supplementary agreements must first be drafted before West Germany gets her new status. Among them is one covering Germany's contribution to the proposed army which will serve under Gen. Dwight D. Eisenhower's Atlantic command.

The Big Three told Adenauer yesterday his government wouldn't get the independence contract until it agreed to supply the troops.

The Germans say they can furnish 12 divisions of troops by the end of next year and some before that. There is strong German opposition, however, particularly from Kurt Schumacher's Socialists, to German participation in the European army.

to Hear Again, Hide Deafness**

NEW YORK CITY (Special)—A sensational new discovery in the miracle science of electronics that helps the hard of hearing hear again—yet hides deafness as never before—was hailed by Gabriel Heatter, famous news commentator, on his Mutual Network broadcast, Monday night.

Heatter revealed that this new discovery helps even those suffering a severe hearing loss to hear again with unbelievable clearness. It is so revolutionary that it makes old-style hearing aids obsolete. No battery shows in the ear.

"This new invention changes the lives of the hard of hearing even-

night," Heatter said. "I've seen it happen to some one I know intimately."

Heatter urged his listeners to find out how this amazing Beltone discovery can bring new happiness and success to their loved ones and friends who need better hearing.

Mass Prayer for Korean Prisoners Planned in State

SPRINGFIELD — (AP) — Governor Stevenson has endorsed a suggestion for a mass prayer in Illinois Dec. 2 for peace and divine protection of war prisoners in Korea.

Mrs. Antoinette of Springfield, whose grandson is listed as missing in Korea, made the suggestion. Her letter to the governor said a prayer "coming to God's heaven all at one time will perform miracles."

The Rev. Roy A. Kale of the Illinois church council has composed a prayer in response to Mrs. Myers' suggestion.

NEW YORK CITY (Special)—A sensational new discovery in the miracle science of electronics that helps the hard of hearing hear again—yet hides deafness as never before—was hailed by Gabriel Heatter, famous news commentator, on his Mutual Network broadcast, Monday night.

Heatter revealed that this new discovery helps even those suffering a severe hearing loss to hear again with unbelievable clearness. It is so revolutionary that it makes old-style hearing aids obsolete. No battery shows in the ear.

"This new invention changes the lives of the hard of hearing even-

night," Heatter said. "I've seen it happen to some one I know intimately."

Heatter urged his listeners to find out how this amazing Beltone discovery can bring new happiness and success to their loved ones and friends who need better hearing.

To acquaint readers of this paper with this new way to hear again—yet hide deafness as never before—a fascinating book with complete facts will be sent free in a plain wrapper. No cost or obligation. Send your request on a penny postcard to Hearing Research, 280 Madison Ave., Room 702, Dept. 105 New York, N. Y.

Beautify Bedroom With Chintz

A bright, feminine chintz is an excellent aid in transforming a dreary, outmoded bedroom into a pleasant, inviting chamber. An old cedar chest (left) becomes an attractive window seat, when padded and covered with this soil-resistant material. Matching pillows and valance add to decorative effect. The room is further enhanced by dressing table trim, stool skirt, and chair cover, all of the same fabric. Print of the chintz is scaled to fit small boudoir furniture.

**By ANNE LARSEN
NEA Staff Writer**
NEW YORK — (NEA) — In most homes, re-decoration is apt to be pretty much a front-of-the-house thing.

If your home-beautifying budget has been siphoned into other rooms for a number of years, your boudoir is likely to look pretty dreary by now. The time is ripe for inexpensive renovation.

There's no need to toss out perfectly good furniture simply because it has become a bit outmoded in design. A good cover-up job can conceal the fact that your furniture isn't quite as stylish as it was when you bought it.

To convert your cedar chest into a window seat, begin by selecting a bright 36-inch material. A hand-printed chintz in a feminine yet not-too-fussy pattern, is a good choice.

Pad the top of the chest with cotton batting, then stretch a section of the center panel of the chintz over it. Tack edges to underside of lid. Box pleat another section of chintz, cutting it lengthwise and allowing for a hem at the bottom and an extra fabric for tacking at the top. Allow enough in length to fit comfortably around the back corners of the chest.

As a finishing touch, add two small round pillows with welled seams, covered in matching material.

Straight, tailored glass curtains of cotton marquisette can be glamorized if you add a valance of the same chintz fabric. Cut a strip of material—preferably the ribbon-banding part of the design—as long as the window is wide, plus three or four inches for turning under at the ends. Width should include hem allowances.

Use buckram for stiffening the valance, and sateen in a harmonizing shade for its lining. For a decorator's touch, take your finished valance to the outside back, matching the pattern with the front. Pin to the chair, and cut away extra material, allowing one-inch seam allowance. Now pin front and back sections together. Cut fabric for the inside an outside arms in the same manner, and pin. Curved arms may require tiny gathers to make the chintz hug closely; square arms may require the insertion of a separate section of fabric.

After pinning all seams together, remove the fabric from the chair, and you're ready to stitch, remembering to insert welting along major seams before beginning structural joining. The same rules of cutting and stitching apply to the loose cushion, also.

When the stitching's done, trim extra material from the seams and put the cover back on the chair wrong side out. Make a final check for perfect fit and re-stitch if necessary. Now put the cover on right side out.

The next step is the addition of the petticoat, making sure it hangs evenly, about one inch off the floor using a zipper in back seam.

To revitalize an old chair begin by measuring, allowing about two inches for tucking at the back of the seat and two inches for each seam. Measure the loose cushion, too, making the same allowance. The length and width of the petticoat must also be determined, with extra inches for hem and seam.

To cut, place the material wrong side out against the inside back of the chair, centering the pattern of the fabric. Pin it firmly in place all along the top. Smooth it closely down the back, and allow for a two-inch tuck-in between back and seat.

Next, bring the fabric forward over the seat and down the front to where the petticoat will join it. Allow one inch for a seam and cut. Before trimming the sides of the material, fit it to the chair at the point where the arms and wings join the back. Stretch the fabric smoothly and cut off the surplus, allowing for seam.

Then, pin the fabric, wrong side out, to the outside back, matching the pattern with the front. Pin to the chair, and cut away extra material, allowing one-inch seam allowance. Now pin front and back sections together. Cut fabric for the inside an outside arms in the same manner, and pin. Curved arms may require tiny gathers to make the chintz hug closely; square arms may require the insertion of a separate section of fabric.

After pinning all seams together, remove the fabric from the chair, and you're ready to stitch, remembering to insert welting along major seams before beginning structural joining. The same rules of cutting and stitching apply to the loose cushion, also.

**Holiday Auto
Deaths Hit
3-Year Low**

(By The Associated Press)
The nation's accidental death toll over the Thanksgiving holiday was the lowest since 1948 and far below last year's record 201.

Traffic accidents, as usual during a holiday period, took the heaviest toll.

A survey showed that since 6 p. m. Wednesday until midnight Thursday 90 persons lost their lives in motor mishaps. Another 30 persons were killed in miscellaneous accidents.

The total of 120 compared with last year's record 201 violent deaths and the previous high for the Thanksgiving holiday of 181 in 1949. The 1948 toll was 114.

A year ago 78 persons were killed in a collision of two Long Island railroad commuter trains in New York City. Yesterday two holiday-crowded trains collided in a New York City tunnel but no one was killed. Twenty-seven of the 1,000 passengers were injured.

California led the nation in accidental deaths over the holiday with 13 killed in traffic mishaps. Seven died from traffic accidents in Illinois, and four died from miscellaneous causes.

What is now known as the hot dog was called a "dachshund sausage" before the turn of the century.

The National Geographic Society says the nation's first elevated train began service on Greenwich street in New York City in 1867.

Seven From Steward Installed As Officers in Eastern Star

STEWART — Seven Stewardites were installed as officers at an Eastern Star meeting in Rochelle, Monday.

Mrs. Helen Hare was installed as worthy matron, Eugene Hart as worthy patron, Mrs. Vera Arne as marshal, Mrs. Virginia Ravanas as Martha, Mrs. Jessie Collins as Electa, Mrs. Evelyn Strawbridge as warder, and Fred Collins as sentinel.

The meeting hall was decorated with yellow and bronze mums. Mrs. Leona Gehant and Mrs. Clarence Ewald poured for the luncheon.

Hurts Hand

Morris Arne, Steward, was taken to the Rochelle city hospital Saturday after he crushed his hand in a compicker. He is still confined to the hospital.

Elect Officers

The senior Methodist Youth Fellowship of the Steward Methodist church elected officers for the coming year in a meeting held Sunday evening.

Those elected were: Carol Haigh, president, Fred Miner, vice president, Elsie Richardson, secretary-treasurer, Sue Strawbridge, chairman of worship and evangelism, Cynthia Thompson, chairman of community service, Jim Van Reenen, chairman of world friendship, and Danny Myers, recreation chairman.

Mr. and Mrs. Harold Ross are the sponsors of the senior group and Mr. and Mrs. Herman Danekal are the junior group sponsors.

WSSC Meeting

The WSSC of the Steward Methodist church will hold its monthly meeting Nov. 29 in the church parlors. Mrs. Hughes B. Morris, Rochelle, will be the speaker.

The refreshment committee will be: Mrs. Antone Arne, chairman, Mrs. Herman Danekas, Mrs. Margaret Durin, Mrs. L. D. Hemenway and Mrs. Otis Hough. Mrs. Harland Strawbridge will be in charge of devotions.

The executive board of the WSSC will meet Monday, Nov. 26, at the home of Mrs. Herman Danekas.

Dinner Guests

Mrs. Valeria Beardsley was honored Friday evening in the

John Beardsley home by a birthday dinner. Mrs. Joe Beardsley was a guest.

Mr. and Mrs. A. G. Gunderson were guests at a birthday party Sunday honoring the four-year-old son, Ricky, of Mr. and Mrs. Walter Gunderson, Aurora.

At a dinner Tuesday evening in the Harland Strawbridge home, Miss Donna Gallin, Rochelle, and Miss Wanda Johnson, Sycamore, were guests.

Mrs. Margaret Durin was a Sunday dinner guest of her son and family, Mr. and Mrs. Robert Durin, in Rochelle.

Thanksgiving Visitors

Visitors for Thanksgiving dinner in the Bernard Fuchs home were: Mr. and Mrs. Perry Beitel, Mr. and Mrs. A. C. Rapp and son Robert, Mr. and Mrs. Arnold Arne and daughter, Sara, of Minneapolis, Minn., and Joan Shearer, home from Cornell college for the holiday.

Spending the Thanksgiving day holiday in Bloomington with their son-in-law and daughter, Mr. and Mrs. C. W. Baremore, were Mr. and Mrs. Fred Collins and daughter.

Other Stewardites spending Thanksgiving away from home were Mr. and Mrs. A. G. Gunderson and granddaughter, Donna Stukel. The Gundersons spent the day at the home of their son and daughter-in-law, Mr. and Mrs. Walter Gunderson, in Aurora.

Personals

Mr. and Mrs. Perry Beitel plan to leave Friday for Detroit, Mich. to spend the weekend with their son and family, Mr. and Mrs. Wayne Beitel.

The Rev. Joseph Caldwell entertained Mr. and Mrs. George Martins, Charlotte, North Carolina, Sunday and Monday.

Mrs. Clarence Ewald was a Thursday visitor in Rockford. Mr. and Mrs. Ray Derks and Miss Virginia Smart, all of Des Moines, Ia., spent the weekend at the home of Mr. and Mrs. Dalton Hough.

Average Hourly Work Week Less

WASHINGTON — (AP)— The average work week and the average hourly earnings workers in the nation's factories declined last month according to the bureau of labor statistics.

A bureau report yesterday showed the average October work week at 40.4 hours, a slight decline since mid-September and nearly an hour below the average October, 1950, week.

Earnings dropped an average of 28 cents an hour between mid-September and mid-October to \$65.17. However, that was still \$3.18 above the levels of a year earlier, because of higher wage rates and increasing proportion of workers in the high-wage defense industries.

Primaries Are April 8 But State Political Pot Steams

By RUSSELL LANE
CHICAGO (AP)—Steam is rising from the Illinois political pot with the April 8 primaries still four and a half months away. But the boiling won't start until next month when the Republican and Democratic state central committees get together and make endorsements for their respective party slates.

The Republicans are getting

most of the publicity on preliminaries. That is natural. They are the have-nots in most top state offices. The exceptions is that of treasurer, held by William G. Stratton of Morris; and he wants to run for governor.

Some May Drop
The party which is the challenger has more organizing to do than that which is in—the Democrats. That's why enough Republicans to form a scratch basketball team have announced they want the nomination for governor. It doesn't mean that a wide-open primary is assured.

There may be some reshuffling and dropping out after the regular organization makes known its preferences for the various offices at stake: Governor, lieutenant-governor, secretary of state, attorney general, treasurer, and auditor.

Demos Maneuver
There is some maneuvering among Illinois Democrats, too, but it's still in the family. Presumably, the present office holders can have

their party's endorsement for re-nomination.

This is virtually certain in the case of Gov. Stevenson. But the governor's recent remark that he may not seek reelection if Democratic leaders fail to endorse him Stevenson considers qualified may indicate that there is a behind-the-scenes struggle going on.

There has been some talk among certain downstate Democratic leaders of withdrawing support from Attorney General Ivan A. Elliott, and State's Attorney John S. Boyle of Cook county has been mentioned for the nomination.

Boyle Vulnerable
Boyle's endorsement might provide Republican campaigners with effective ammunition, particularly in connection with his handling of the recent killing of two Chicago youths by one of his investigators, Michael Moretti. Apparent reluctance by members of Boyle's staff to dig into the case raised a public furor in Chicago.

The Democrats must select someone to run for state treasurer to succeed Republican Stratton.

The real primary campaigns will shape up in January with the actual filing of petitions. Filing begins Jan. 14 and closes Jan. 21. The deadline for withdrawing petitions is Jan. 28. After that, the who's who in the primaries will be a matter of record.

Party Gowns to Fit Your Way of Life

By GAIL DUGAS

NEA Woman's Editor

NEW YORK (NEA)—The way that you dress for the holidays ahead depends, largely, on your way of life. If the parties you attend are small and informal, a ball gown would be about as useful as a suit of armor. But if several large, formal affairs are on your list, a ball gown is a must.

Knowing this, designers have produced fashions for every way of life during the holiday season. The woman who's addicted to separates that can do duty as a dress, for instance, can carry her enthusiasm over by means of separates that can do duty as a dress. Nelly De Grab has done a sleek halter top in bemberg velvet, one that's cut to reveal pretty arms and shoulders, and teamed it with a shining brocade skirt.

For the woman who won't feel happy unless she's wearing a suit (and there are many!) there's an A. Goodman design in bemberg metallic brocade. Jacket is sleekly fitted with double-wing stand-up collar, self buttons and big turn back cuffs in black velvet. Skirt is straight and narrow.

The woman who wants the ultimate in a dramatic ball gown can find it. One Eisenberg design is a strapless gown with a gleaming torso of taupe sequins. A drifting skirt, cut from yards of taupe nylon tulle, is layered to produce a bouffant look.

Here are three ways to look during the holidays. Evening halter (left) in velvet is teamed with full skirt in gleaming brocade. Slim suit (center) in bemberg metallic brocade has fitted jacket with huge turn back velvet cuffs. Strapless ball gown (right) has shimmering torso in taupe sequins and floating, bouffant skirt in filmy nylon tulle. Each fits special way of living.

No Comment on Vinson-Truman Holiday Talks

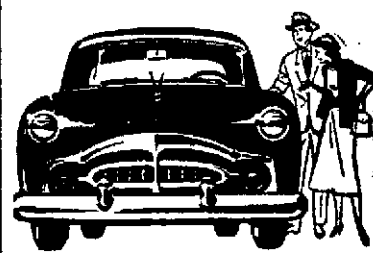

KEY WEST, Fla.—(AP)—The White House brushed aside today questions on the political significance of President Truman's Thanksgiving holiday talks with Chief Justice Fred M. Vinson.

Many close to the president say he would like to see Vinson get the 1952 Democratic nomination for president if he follows Mrs. Truman's urging and decides not to make the race himself.

Most ancient Greek hippodromes, constructed for horses and chariot races, were placed on a hill slope so that excavated material from one side could serve as an embankment for the other.

Last Member Of Gambling 'Big 3' Dies

ST. LOUIS—(AP)—C. A. (Pop) Tilles, last of the "Big Three" of racing who around the turn of the century owned nearly half of the nation's race tracks, died of a heart attack yesterday. He was 86.

With two partners, Sam W. Adler and Louis Cella, both now dead, he operated tracks at Louisville, Ky., including Churchill Downs, and in Detroit, Cincinnati, Buffalo, N. Y., Memphis, Tenn., Little Rock and Hot Springs, Ark., St. Louis and nearby Madison and Venice, Ill.

Branched Out
Later the trio branched out with establishment of bucket-shop brokerage houses—where customers gambled on grains and stocks.

A Missouri law against horse racing and a reform movement against gambling around 1904 caused the partners to dispose of most of their track and brokerage interests.

Tilles later added to his already large fortune with wise real estate investments.

He never forgot his early days as an orphan newsboy and 25 years ago he established a \$1,250,000 endowment and trust fund for orphans and other needy children.

Gives City a Park
He gave an 88-acre tract to St. Louis as a city park and playground, and also donated property for a park to the city of Fort Smith, Ark., the city in which he was reared by Mrs. Joseph Adler, mother of the man who later became his business partner.

They came here as young men and opened a cigar store together. Their first race track venture was in 1893 where they pioneered in night racing.

A widower, Tilles had no children. He is survived by a sister and several nieces and nephews. Funeral services tomorrow will be private.

Autoists to Get Traffic Laws With '52 Auto Licenses

SPRINGFIELD—(AP)—Pamphlets explaining Illinois traffic law changes made by the last two sessions of the general assembly will be sent to purchasers of 1952 auto license plates.

Secretary of State Edward J. Barrett said yesterday that plates and pamphlets will be mailed starting Dec. 1.

Changes involve blind and other pedestrians, left turns at intersections, revocation of driver licenses, speed limits, use of blue flasher lights, and damages in death cases.

An eight-mile suspended monorail line has shuttled between Barmen and Elberfeld, Germany for 50 years.

Rain? Simple! Just Turn on A Little Water

PASADENA, Calif. — (AP) — Australian scientists claim discovery of a new and better way to produce rain artificially. And they make it sound simple.

All you have to do, one of them says, is spray low-hanging clouds with water. It's like fighting fire with fire—only with reverse English.

The system should be capable of producing a million tons of rain from one ton sprayed on the base of a cloud formation, the Aussies say.

Dr. E. G. Bwen, a physicist mem-

ber of the Australian Commonwealth Scientific and Research Organization, described the new technique yesterday in a speech at the California Institute of Technology.

Up to now, clouds have been seeded with dry ice or silver iodide crystals to make it rain. Dr. Bowen said the water method is more effective, especially under conditions encountered in his country.

Retired Coal Miner Slays Soldier; Blame Jealousy

CAMP ATTERBURY, IND. — (AP)—An air force sergeant who had just returned from Okinawa died today of a wound from a shotgun blast that broke up a canasta game in a trailer home. A jealous rage was blamed.

Sgt. George Brown, 38-year-old Greencastle airman stationed at Chanute Field, Ill., was the victim. He was hit by a shotgun blast that tore through the left side of his face.

Admits Killing
Police Chief Walter Jackson said Ralph Groves, retired coal miner, admitted breaking into the canasta game Wednesday night and firing a 12-gauge shotgun at the airman. The game was in the trailer home of the sergeant's brother, Raymond Brown, four miles west of Brazil, Ind.

The sergeant's sister-in-law, Mrs. Dorsey Brown, 45, told police Groves started to reload his shotgun and shouted "you're next" at

her. She escaped through an emergency door, with her husband. **Jealous of Attention**
Sheriff Martin Slack said Groves appeared to be jealous of the attention the Browns had given Sgt. Brown since his return.

The sheriff described Groves as a "lonesome bachelor."

"They (the Browns) would take Ralph fishing and hunting with them and Mrs. Brown would cook meals for him," the sheriff said.

"Then George came home from the South Pacific. They put a lot of time in with George Ralph felt like they'd kind of let him down."

Playing Euchre
Chief Jackson said Groves, found calmly playing euchre later in the Eagles lodge home, declared, "I

went to the trailer to get Dorsey and would have done it if the soldier hadn't got in the way."

Brown said Groves had asked him, Mrs. Brown, Sgt. Brown and the sergeant's fiancée to eat Thanksgiving dinner with him at the Eagles home.

"We already had our dinner planned and couldn't make it," Brown told police. "That might have had something to do with this thing."

Planner Terrified
The sergeant's fiancée, Miss Margaret Drouge, 27, Brazil, remained in her chair at the canasta table, terrified by the shooting. She and Sgt. Brown were planning

to be married on Christmas. Sgt. Brown died in the Camp Atterbury hospital. Groves was held without charge.

Distribute New Hunting License

SPRINGFIELD — (AP) — Licenses to hunt fur-bearing animals, including foxes, have been distributed to city and county clerks, the State Conservation department said today.

The first issue of this new license, authorized by the 1951 legislature, expires Jan. 31, 1952. The

second issue must be purchased by hunters who propose to shoot foxes Feb. 1 or after.

Fox hunting is legal the year round in Illinois with no daily bag or possession limits, a department representative said.
